

Dots and Boxes

Thank you for downloading these free dots and boxes games!

How to play dots and boxes:

- Each player takes it in turn to add a line horizontally or vertically in between adjacent dots.
- The player who manages to complete a box, earns a point and can take another go.
- Color in your box or add your initial to keep track of which box is which players.
- The trick is, to avoid adding a third side too soon, allowing your opponent to make a box.
- The game ends when no more lines can be drawn.

How to print

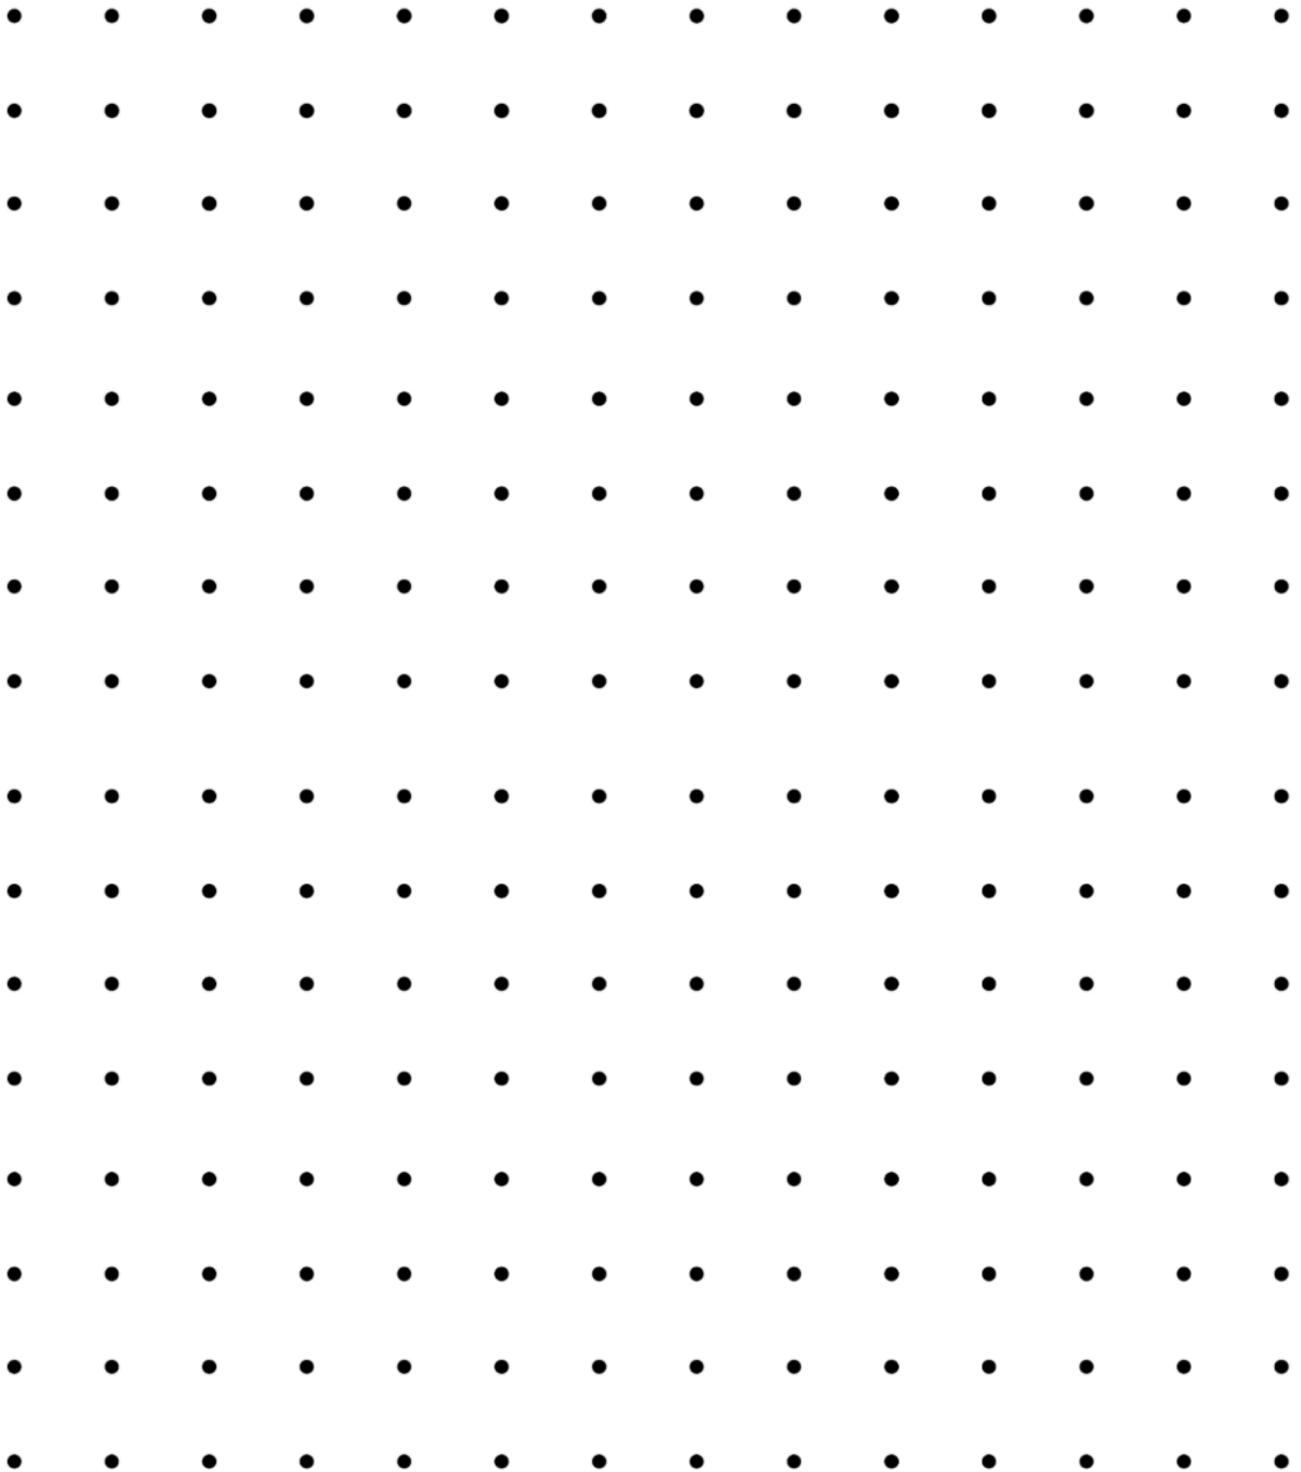

- Print one sheet per set of players per game on letter size paper

Optional: Laminate the sheet so the sheet can be more durable and used again easily.

Enjoy!
